The 2023 Premium is \$164.90 per month. Those with higher income may pay more for Part B and Part D. **IRMAA (Income-Related Monthly Adjustment)**

After the 2023 deductible of \$226, there is a 80%/20% cost share.

<sup>1</sup> Plan N pays 100% of the Part B coinsurance, except for a copay of up to \$20 for some office visits and up to a \$50 copay for emergency room visits that don't result in an inpatient admission.

# PART D

Medicare members are required to purchase Part D prescription drug coverage to avoid a penalty.  
**The average cost is \$33 per month.**

Plans have different Formularies, and Benefits can/do change from year to year. Part D plans are included in most Part C Advantage plans.

Most Medicare drug plans have a coverage gap (also called the “donut hole”). This means there’s a temporary limit on what the drug plan will cover for drugs.

Not everyone will enter the coverage gap. The coverage gap begins after you and your drug plan have spent a certain amount for covered drugs. Once you and your plan have spent \$4,660 on covered drugs in 2023 you’re in the coverage gap. Once you reach the coverage gap, you’ll pay no more than 25% of the cost for your plan’s covered brand-name prescription drugs. Once you’ve spent \$7,400 out-of-pocket in 2023 you’re out of the coverage gap

## TURNING 65 AND STILL WORKING?

**OPTION ONE:** Take Part A and use it with your Employer insurance.

**OPTION ONE:** Discontinue employer coverage and transition into full Medicare.

# WHAT IS YOUR PREFERRED FINANCIAL RISK TOLERANCE?

Do you prefer to have coverage which saves you the most possible on monthly premium, but takes a little more exposure financially in the event of a major illness or injury; while obtaining extra benefits like dental, vision, hearing, and more...

OR Do you prefer to pay more on a monthly basis with premium in exchange for lower out of pocket exposure or richer benefits?

How is your present health condition? Is there any present serious health conditions?

## IF YOU'RE OVER 65 AND PLAN TO WORK FOR A FEW MORE YEARS:

More and more Alabamians are opting to retire later in life, in some cases to maximize Social Security retirement income. If you're part of an employer health plan, Medicare might already pay benefits under Part A (hospital coverage). Whether or not you should enroll in Part B (medical coverage) depends on:

1. The size of your company.
2. How much you pay toward your group premium.
3. If you need coverage for a spouse and/or dependents.
4. We can review your situation and help you determine what coverage makes the most sense for you.

## WHEN YOU DECIDE TO STOP WORKING:

When you leave your job and lose your employer coverage, you'll have a Special Enrollment Period to sign up for Medicare Part B (and Part A if you haven't already). This period lasts for 8 months, starting the month after your employment OR your group health insurance ends. If you still do not enroll after 8 months, you may face a penalty for late enrollment.

### IMPORTANT:

If you are interested in joining a Medicare Advantage or Medicare Prescription Drug plan, your chance to join lasts for two months after the month your employer coverage ends.

## IF YOU HAVE COBRA COVERAGE:

COBRA is not considered employer coverage. You must sign up for Part B during the first 8 months you have COBRA to avoid the late-enrollment penalty. If you miss the 8-month window, you must wait to sign up during the next General Enrollment Period (January 1 - March 31) and coverage won't start until July 1.
